BLOGS:

Blogs are a popular medium for providing educational content and sharing valuable information with the readers. Blogs allow individuals and experts to share their knowledge and expertise on specific topics. YSSE provides a platform for sharing insights, tips, and valuable information with readers who are seeking guidance or looking to expand their knowledge in a particular area. Over the month of May, YSSE published more than 20 blogs.

YOUTH SCHOOL FOR SOCIAL ENTREPRENEURS

The Youth School for Social Entrepreneurs (YSSE) is a youth-led organization founded by Mr. Sheikh Mohammad Yousuf Hossain in February 2015. It is dedicated to promoting social entrepreneurship and empower young individuals to become agents of positive change in their communities. The primary goal of YSSE is to nurture and develop the entrepreneurial skills of young people, enabling them to address social and environmental providing training, YSSE equips the youth. tools necessary to transform their ideas into YSSE focuses on fostering social innovation and sustainable development. It encourages young people to think creatively, identify pressing social issues, and design entrepreneurial initiatives which address these challenges effectively.

LEARNING SESSION

YSSE has been playing a vital role in motivating the young people to pursue an entrepreneurial career by arranging live sessions where successful entrepreneurs are invited as guests. In these shows, the guests share their valuable experience, enthusiasm, and pieces of advice to stimulate the youth apprentice which appear as a guideline for their future entrepreneurial journey.

And then came the basics of Excel, mastering PowerPoint, and the most skillful of all, a program called Basic Traffic Design. We all know how essential Excel is in our lives. The most beautiful software inside the Microsoft suite is Microsoft Power Point through which we can continuously improve and become skilled. And the other is that graphic design certainly doesn't leave much to be said here about how important it is to us.

LIVE SESSION

After graduation in finance and accounting, most of the students of the country dream of making their career in a good company. But they face various challenges after graduation and they are not aware of their job opportunities. To have a long-term career in this sector, you need to know how to prepare yourself and how to work successfully in this sector. Keeping this in mind, the YSSE Future Leaders Community has organized “Career in Finance and Account Management (Scopes and Challenges)”. Live session. Where guests are staying-

YSSE Future Leaders Community

All students dream of making their career in a good company after graduation. In this situation, most of the students are not aware of the speaking techniques. In this regard, strategic communication plays a very important role. Mastering Strategic Communication Skills is not only important for personal branding but also for seizing opportunities and overcoming challenges that arise in various career paths. Keeping this in mind, the YSSE Future Leaders Community invites you to a live session on "Necessity of Strategic Communication in Career".

VIRTUAL GROUP PRESENTATION BEST GROUP, BEST PRESENTER & BEST SLIDES

YSSE Admin and HR Department arranged two days long **Virtual Group Presentation** on August 23-24, 2023. From Admin and HR Department, 18 groups have performed on this presentation program. It is satisfying that all of this achievement is the hard work, perseverance, and teamwork that interns learned along the way. It helped them now and in the future.

After judging and remarking,

Best Group - Group 7

Topic Name: Succession Planning

Best Presenter – Maisha Yousuf

Honorable mention for best PPT of the groups -

Group 1: Human Resource Planning and Retention

Group 6: Strategic Human Resource Management

Group 7: Succession Planning

YSSE Virtual Internship
(9th Batch - July 2023)

ORIENTATION PROGRAMME

10 August, 2023 | 8.00 PM

NEW MEMBER RECRUITMENT

YSSE once again started to recruit General Members at the beginning of this month. This membership enables individuals to take their skills to new heights and unleash their full potential along with numerous other benefits. The application deadline was July 2023. Like the previous recruitments, YSSE received a good number of applications in this recruitment as well.

Interns have been selected through various processes as general members in eight departments in this year's 9th batch from YSSE and they have been deputed as interns in their respective departments.
